EQUAL TO THE TASK, ZAMBIA

- The core purpose of this role is to provide leadership and direction for Equal To The Task, Zambia. I work closely with Equal To The Task Board of Directors to develop strategies to grow fundraising, advocate for the rights of people living with disabilities (PLWDs), and develop and monitor high quality Organization Programmes and Activities.
- Key Stakeholder Relationships/Collaboration.
- Financial Management.
- Self-Awareness and Organization reputation.

ICAP AT COLUMBIA UNIVERSITY, ZAMBIA

- Development, Integration and Management of both On and Offsite (Cloud) ICAP Databases (MsServer, DHIS2, DATIM & TDBs).
- Supporting the PhDs to strengthen national tools and processes for data management, access and utilization to effectively and efficiently scale up and deliver HIV Prevention, Care and Treatment services.
- Overseeing and training the MBE team in Data collection, analysis, visualization and reporting using developed platforms.
- Providing technical support to strengthen data management, improve data quality (DQAs), and harmonization of information to support data centric decision making.

PATH ZAMBIA

- Completed updating DHIS2 and DATIM databases with PY1 and PY2 data within 3 Months.
- Successfully conducted a nationwide Data Quality Audit to determine levels of either over/under reporting of TB notifications.
- Successful data capturing & collection, reconciliation, analysis and reporting using various information systems such as DHIS2, DATIM and SmartCare EHR.
- Supporting the flow and transmission of data and other reports to USAID, NTLP and relevant partners.
- Support project staff to build capacity in quality data management.

CARE TECHNOLOGGY ZAMBIA LIMITED

- Formulation and implementation of both inhouse and external ICT policies; making sure processes and management controls supported by ICTs are controlled and monitored effectively.
- Logistics, Budgeting, Support Services Planning, Management and Evaluation of ICT operations.
- Provision of activity and performance reports and provide technical diagnosis, support and resolution in ICT.
- Inhouse and external ICT trainings during new system roll outs or as required.

CENTERS FOR DISEASE CONTROL (CDC)

- Project team member of SmartCare Electronic Health Record System development, deployment, system support and training.
- Tested the new Adult ART Forms and ART Reports in the EHR, tested SmartCare – eLMIS integration.
- Updated SmartCare user manuals and training materials.
- Performed SmartCare installations and upgrades, updated PM Database, provided hardware diagnosis and resolution (SmartCare Computers, Memory Card readers, Scanners and Printers, etc).
- Developed System and Testing documentation for SmartMonitor on the SmartCare-to-CRVS linkage project between MDH and DNRPC.
- Delivered consolidated reports and analysis of the nationwide SmartCare version 4.5.0.6 upgrade, developed the Deployment and Helpdesk system for SmartCare, Data analysis and reporting on TDBs.

THE INSTITUTE OF INTERNAL AUDITORS ZAMBIA

- Managed the administration of the institution such as conducting membership registration and responding to queries, reporting the Institute's Annual activities, and completion and submission of the annual Audit Library Inventory.
- Maintained and updated the IIA Zambia website and maintained office equipment functioned and was in optimal standard (Computers/Servers, Access Control systems, Networks, Printers e.t.c).

TRADE-LINKS LOGISTICS AFRICA

- Sales and Market performance analysis.
- Evaluation of project areas that needed improvement.
- Database development and management using MySql.
- Supported market research, competitor and customer surveys.
